

BONALDO

Mille

Designer: **Bartoli Design**

A design conceived to furnish and characterize the spaces, thanks to the transparency of the dining table glass design top combined with the numerous steel legs, thin tubular elements in chrome-plated steel or in bronze or lead painted metal that vary in number and position, depending on the sizes and shape of the top, in order to ensure

maximum stability and visual coherence. Mille is a fixed table that seems to possess all the harmony and dynamism of a transparent body in motion. Suitable for private residences and contract contexts, it is available with round or round-edged tops and in many sizes in order to meet all hospitality needs.
